WHY VISTA WINDOW BLINDS?

Here is a clear breakdown of why Vista's Window Blinds are the most preferred in the country

● Modern Twist to Curtains

Curtains have been long the centre of attraction in houses and offices, providing privacy/security, embracing a pop of colour, and adding warmth to the space. Overpowering their benefits, our premium-quality blinds instantly enhance the overall appeal of your home/office by taking up much less space, and ensuring zero maintenance costs. Masterfully manufactured, our wide array of innovative window furnishings come with superbly built automation systems for you to live in leisure in your sanctuary.

● **Gorgeous Materials**

Window dressings make a huge difference to your home/office, and its material plays an vital role in ensuring its timeless appeal. Blinds aren't just functional features, they also add a stylish sophistication to your rooms when made to complement your walls and decor. So, choose wisely from our super attractive design options, versatile fabric collections, clever styles, luxurious weaves, unusual textures, and rich fashionable colours, to add character to your living room, kitchen, bedroom, home office, or office. Lastly, don't forget to coordinate your blinds with the decor of your room to create an eye-catching designer space.

● **Premium Hardware**

With premium hardware solutions in the form of window blinds, Vista is here to meet the expectations of all its discerning customers seeking the best in design and quality. Your choices have inspired us to master the art of dressing up your home/office to perfection with superior-quality blinds that serve as beautiful backdrops. Trust us, our blinds give life to any space wherever adorned.

● **Advanced Automation Solutions**

Vista offers its customers the best-in-the-industry advanced automation solutions for window blinds to create a modish space at pocket-friendly prices.

Create Drama

Fabric, wood, aluminium or PVC, the possibilities are endless when it comes to blind automation, while creating ambiance and lighting effects. Plus, their electric motors are easy to operate and keep your window coverings beautiful and functioning longer.

Ease of Operation

No more cables or strings that get tangled up! With just one click, you can open or close your blinds ensuring perfect positioning and alignment. Vista motors are also ideal for large windows, high-up, or hard to reach shades.

Built for All

Vista automation solutions are a jack of all trades. They can be installed on all types of interior window coverings — Roller, Venetian, Pleated, or Roman blinds.

Battery or Directly Powered

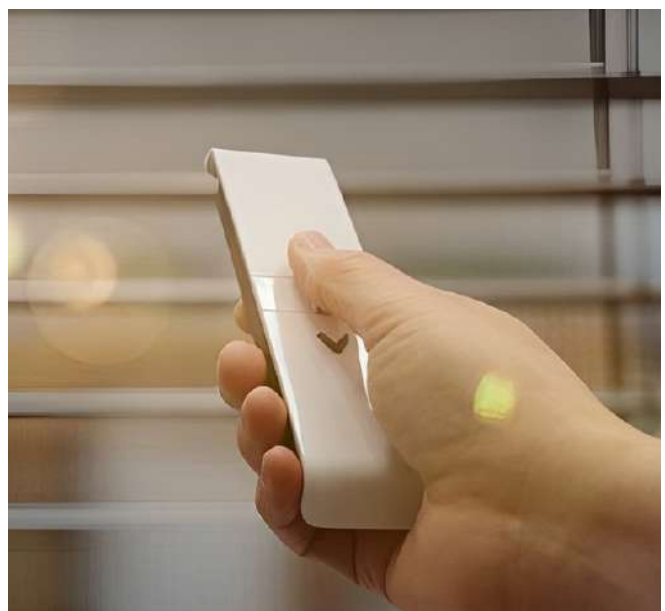

With plug-and-play automation window blind solutions that run through a direct power supply, Vista also offers battery and solar-powered independent motors with 1 to 5 years of battery life depending on usage.

Remote Controlled

Our remote controls cater to all your needs when it comes to window blinds — adjusting of tilting slats, luminous intensity, and power of heat. Plus, simple to program and easy to modify, it memorises the favourite position of a product and allows you to set it instantly by pressing the button.

Motorised Solution

Vista blind automation solutions run on motors with integrated radio control. A multi-purpose unit to motorise a host of smaller products (roller shutters, awnings, blinds, etc.), it can also be pre-programmed with your favourite settings.

RANGE OF VISTA WINDOW BLINDS

Explore our wide range of gorgeous, highly powered, and luxury personified window blinds!

1 Cellular Blinds

Cellular blinds, also known as honeycomb blinds, are a great addition to any space – be it your home or office. These blinds are developed and manufactured with a unique honeycomb structure that traps air and insulates the room. This feature helps in controlling the temperature whenever required. To note more, durable and easy to install, Vista cellular blinds come in a wide array of fabrics, textures, and colours for you to choose from and make any space pop with vibrance.

Top Down Bottom Up Cellular Blind

FEATURES:

Here are a few aspects to note before bringing home our cellular/honeycomb blinds -

SUNLIGHT FILTRATION

Vista cellular blinds offer extreme control in sunlight, and are powered with solar protective coating to reduce heat buildup, and acrylic finish to protect against weathering.

RANGE DYNAMICS

Available in stunning hues spread across different ranges, our blinds come in 'top-down' and 'bottom-up', classic, and day and night options. You can also get your hands on manual as well as motorised blinds.

ENERGY EFFICIENT OPTIONS

The best choice for blocking sunlight and ensuring privacy, our honeycomb blinds available in 3 categories — sheer, semi-sheer, and blackout, fit every window style and help conserve electricity.

LIGHT MEETS COLOUR

Our honeycomb blinds are specially designed to not only offer complete privacy and protection against heat and light radiation, also soft to touch and available in different hues to add vibrance to your home or office.

Day & Night Cellular Blind

2 Roman Blinds

Roman blinds are effective and stylish window dressing solutions, and Vista offers these in a wide range of premium fabrics and vibrant as well as pastel colours that can be virtually used in any room, or setting. A welcome change from traditional curtains yet retaining the same luxurious look, Vista roman blinds offer a more contemporary look than their counterparts. They are indeed love at first use.

HANDPICKED PREMIUM FABRICS

Vista offers a wide range of fabrics to choose from, to its customers – plains, jacquards, textured, and crushed, when it comes to Roman blinds. Perfect for residential use, these are also available in stitch-less mechanisms.

REPLACE CURTAINS

A modern twist to traditional curtains, our roman blinds can be lined the same way as curtains to ensure total privacy and 99.9% protection from the sun.

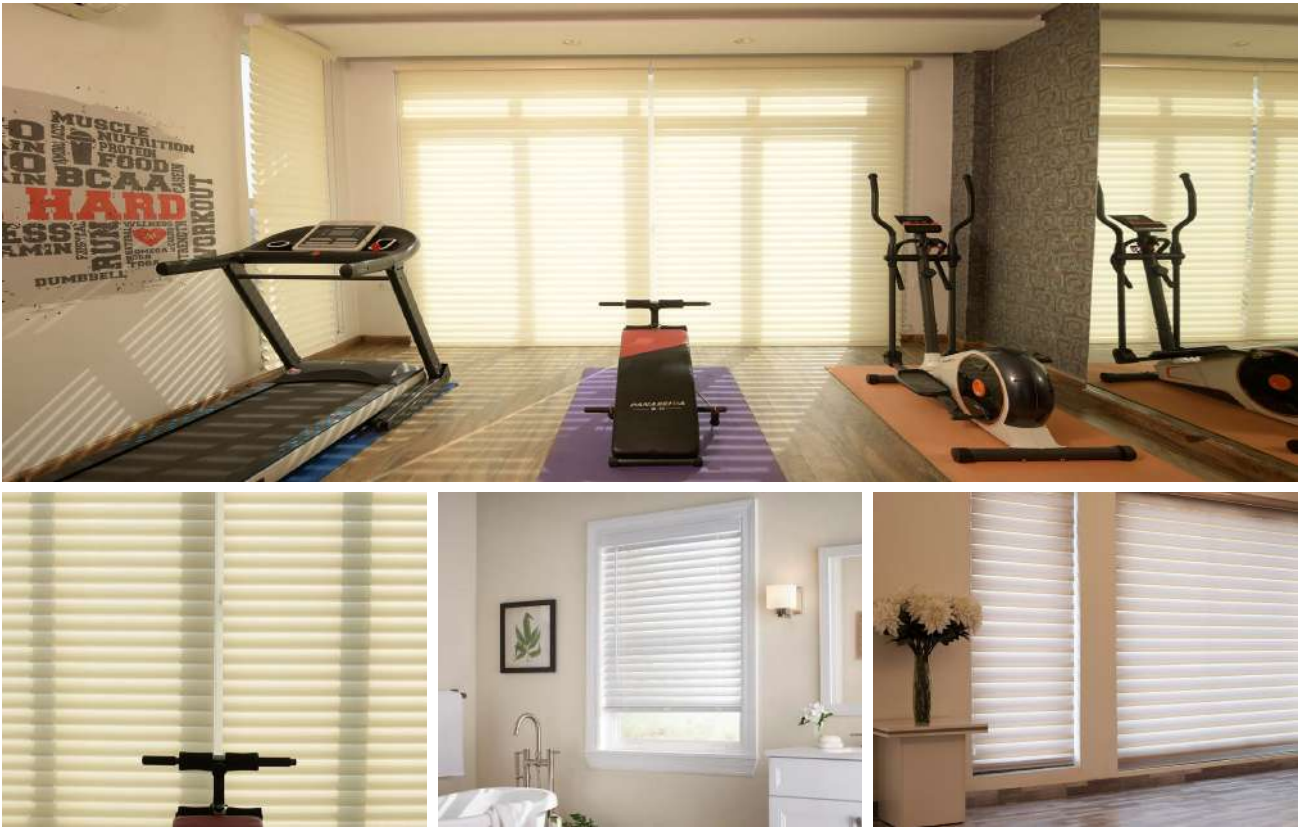

DO AS THE ROMANS DO!

Available in manual as well as motorised versions, Vista Roman blinds with bottom-up or top-down movement, perfectly answer your call for soft, natural light or soothing darkness.

HIGH QUALITY

Available in more than 100+ stunning colours and prints, our superior Roman blinds are made of premium fabrics to last long. They offer a clean, tidy look to any space and can be positioned either inside or outside the window frame/opening, not restricting the view and making you just fall in with it.

3 S-contour Blinds

S-contour blinds, also known as triple shade blinds all across the world, offer maximum usability and a touch of luxury to your space. They consist of sheer fabrics on either side, with an opaque fabric attached in between. The fabrics move in gentle alignments creating different effects to control light, while the shadings can be opened for a soft view, closed for complete privacy, or tilted for flexible light control.

FANTASTIC FUNCTIONALITY

Vista s-contour blinds provide the functionality of two blinds in one shading. Daytime privacy is easily achievable with two sheer facings that can be tilted to control the degree of light and heat entering into your home. The best part? They help maintain your view with the help of slices clamped between two window screenings.

ENERGY EFFICIENCY

During daytime, sunlight as the major source of light, helps conserve energy and cut on electricity bills. Our blinds, in tandem, disperse sunlight with just a click, while ensuring 100% privacy.

SEAMLESS OPERATION

The shadings can be opened for a soft view, closed for complete privacy, or tilted for flexible light control. They are also durable and easy to clean because of the use of antistatic fabrics.

STAND-OUT CHARACTERISTICS

Available in more than 12+ beautiful colours spread across 4+ different ranges, our 100% premium polyester blinds can be brought both in manual as well as motorised versions. To be noted, they are also available in fabric covered cassettes.

4 Sheer Dimout Blinds

Sheer dimout blinds, also known as zebra blinds worldwide, offer a perfect amalgamation of sheer and opaque combination of the same fabric, enticing and delighting the buyers as well as viewers. Furthermore, enabling you to control the light in your room, the layers of these blinds can be moved independently to each other, or in tandem to create different light effects.

LIGHTING THAT CREATES ALLURING ATMOSPHERE

Vista sheer dimout blinds provide a modern touch to the look and feel of traditional fabric shades. The blinds open and close magically to give you complete control over your desired degree of light filtration and privacy.

SEAMLESS FUNCTIONING

Made of premium polyester, our sheer dimout blinds, available in both manual and automatic options, can be opened for a soft view, closed for complete privacy, or adjusted for flexible light control. The best part? They are easy to clean and durable for long-lasting use.

TRANSFORM LIGHT

Vista sheer dimout blinds allow you to filter light when it enters your room, thereby altering your privacy levels. To note, these are a popular choice in kitchen and living areas.

RANGE DYNAMICS

Available in more than 75+ stunning colours spread across 18+ different ranges, our sheer dimout blinds allow you to create different light effects as per your convenience and choice.

5 Roller Blinds

Stylish, sleek, and compact, roller blinds continue to grab large eyeballs and fit into any décor with ease. Designed to impress with a luxurious collection of textures and colours, you are guaranteed to find a design most suited for your home from Vista's enormous collection. The best part? Motorised versions in roller blinds are available for added ease of use and better movement control.

JUST ROLL IT UP!

If it is time for you to give your windows a new look, why not think of Vista roller blinds. They work by pulling a chain to roll the fabric up and down for total privacy or a mesmerising view. To note, the fabrics are available in different varieties and colours, and we also give you the option to customise its design.

BEST OF BOTH WORLDS

Roller blinds serve as both – welcome shades in summers, and insulation in winters. Our inspiring range of conservatory, window, and roller blinds come in various designs to suit your home or office decor, providing all the privacy you desire. They are also available in translucent, blackout, screen, and fibre glass types.

FABRICS TO FLATTER

With a wide range of fabrics and 200+ beautiful colour options, our blinds ensure full protection from the sun while still allowing for controlled light in your home or office. Blackout fabrics give you total privacy and warmth during the night, and come in several hues to complement your interior decor.

STAND-OUT FEATURES

Along with a wide array of colour-coordinated accessories, safety devices, and springs that assist in the operation of roller blinds, Vista ensures long-lasting durability by means of anodised tubes and powder-coated components.

6 Aluminium Venetian Blinds

Aluminium venetian blinds are created by threading together thin slats of the metal. Perfect for more official settings, they offer flexible control in daylight or otherwise along with a razor sleek finish. In the Classic Aluminium Series, you get quality aluminium slats, matching cords and robust working parts. Another impressive feature? These blinds are the most sturdy in nature and can withstand extreme sunlight.

CUSTOMISED DESIGN

These hand-cut, made to measure venetian blinds offer a high degree of rotation, maintaining privacy and warmth whilst controlling sunlight. Available in manual as well as motorised options, they also ensure UV protection, offer dimming light effect with adjustability of slats, and reduce energy consumption.

STYLE MEETS PRACTICALITY

For transforming your home/office decor and adding a touch of practicality and style, choose Vista's Venetian blinds. Available in a number of finishes and made from strong, durable aluminium, they are a great addition to any space.

RANGE DYNAMICS

Available in more than 10+ eye-catching colours, our aluminium venetian blinds can be purchased in both manual as well as motorised versions.

BUILT TO LAST

Built with strong aluminium slats, the highest quality mechanisms, and most trendy colour palettes, our blinds are perfect to dress up your windows. They also serve as practical options for your home or office, with waterproof properties.

7 Wooden Venetian Blinds

Wooden venetian blinds are specially designed from premium seasoned wood. They can withstand weather changes and remain sturdy throughout all seasons. They are particularly effective in decors that are more neutral and traditional, where the existing hue and grain of wooden blinds can effortlessly enhance the look and feel of the space. To note, they come in natural styles with eye-catching colours that bring warmth to your home decor.

CRAFTED TO PERFECTION

Made of the finest hardwood, Vista wooden blinds exude charm and antique vibes. They also lend character to your bookcase-lined home offices, kitchens, and oldschool interior bedrooms.

MINIMALIST YET CLASSY DECOR

Our wooden blinds, available in different shades of bamboo, reeds, and wood, are a rare mix of simplicity and sophistication that uplift the vibe of all spaces in a jiffy. They also bestow a sense of closeness to nature for all green enthusiasts while withstanding extreme temperatures and sunlight. To note, they are best for your balconies, and lawns or gardens.

BLENDS BEAUTIFULLY

Vista wooden blinds are a classic example of elegance personified, functional home decor. They are a practical addition to any indoor space, providing a modern yet fun look to the surroundings. To note, the wood blind slats are usually wider than aluminium ones, giving more privacy and flexibility over light control. They are also smooth to raise and layer with the help of cords.

RANGE DYNAMICS

Available in more than 30-40+ hues in different categories of wood, they come in both manual and motorised versions to cater to your needs.

8 Vertical Blinds

Vista vertical blinds offer a stunning solution for window coverings. Crafted with vertical louvres, they come in manual options, and at vista, we offer more than 100 colours and textures to choose from to make any space stand out. Note that certain ranges come with dust guard features, which prevent accumulation of excess dust on the blind. These are considered perfect for commercial and office use.

TOUCH OF MODERNITY

Vista vertical blinds add a new dimension to your home or office interiors. They are versatile, low maintenance, and give you the ability to control privacy and light. Addedly, they add character and compliment all types of decor - modern or traditional.

TRENDY COVER UP FOR YOUR WINDOWS

Vertical blinds create a pleasant ambiance as well as protect your furnishings and carpets from harmful UVA/UVB rays of the sun. All vertical blinds also have an automatic self-aligning mechanism to evenly distribute the vertical blades giving you maximum coverage across the window.

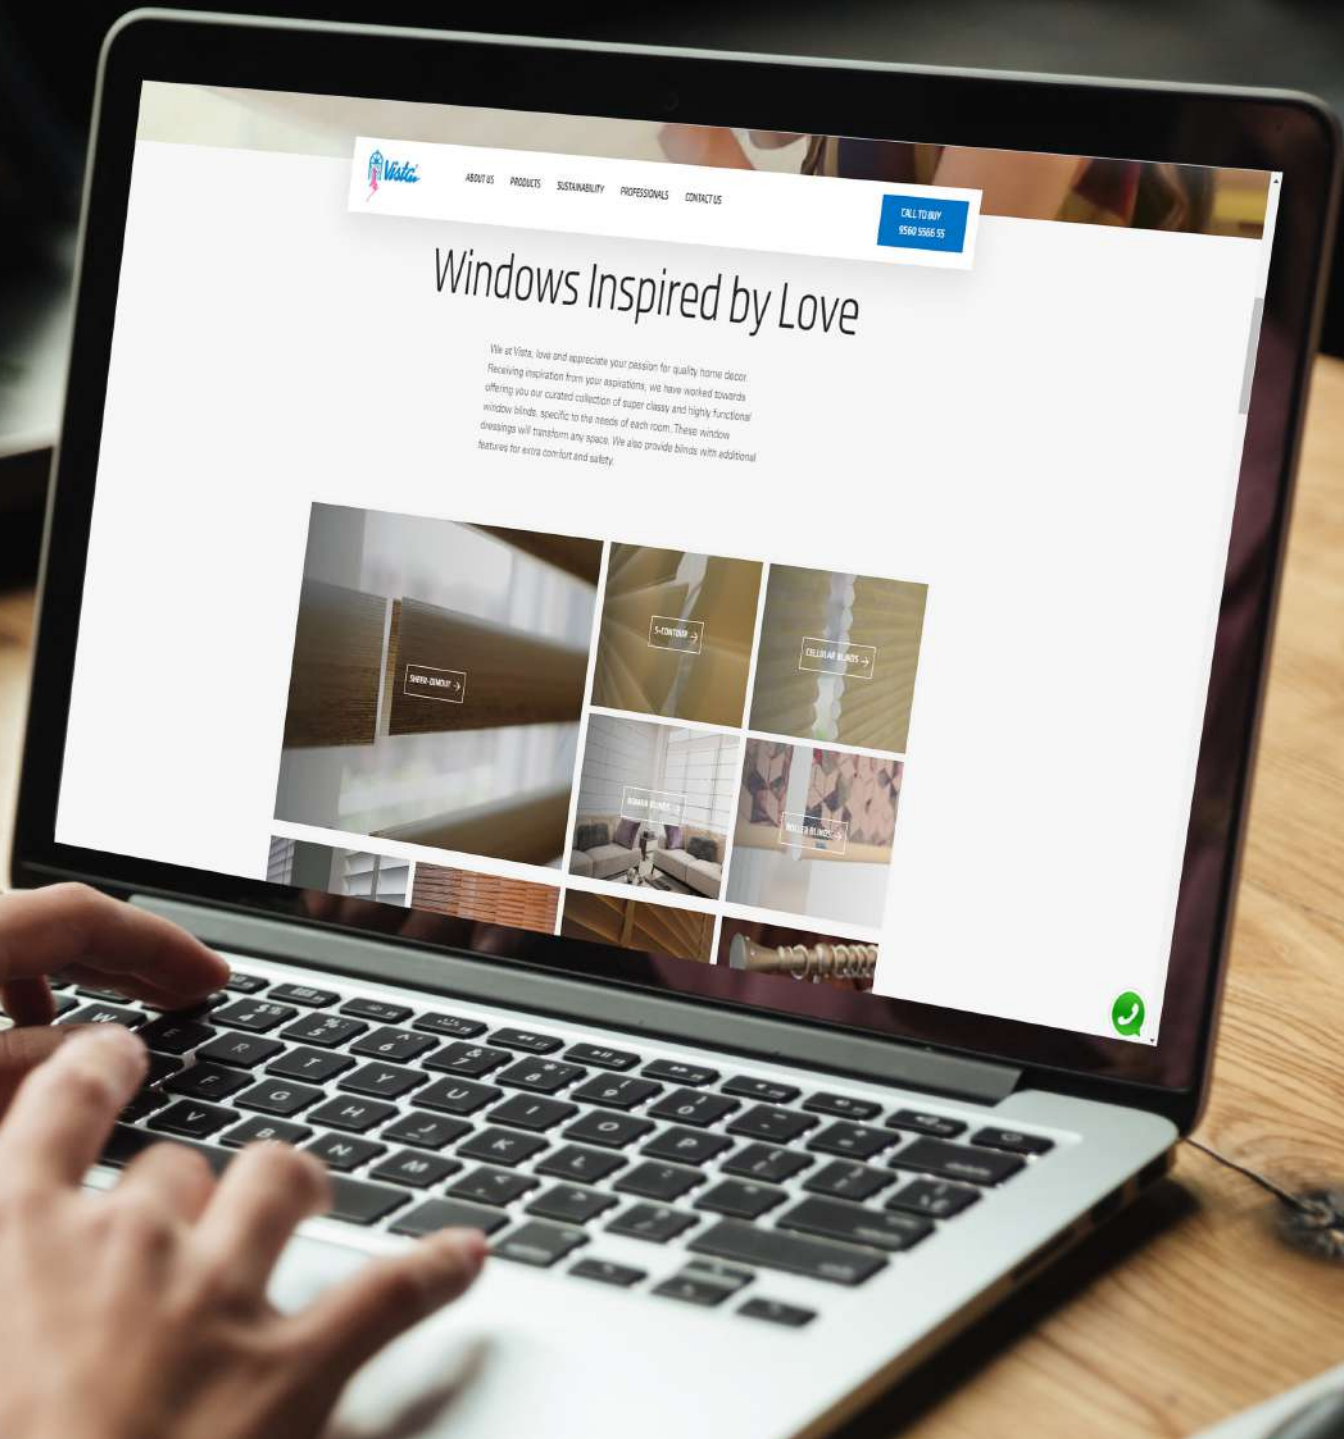

EASE OF OPERATION

There are a number of vertical blade options available at Vista with the ability of opening from the centre or from either side of the window. Our blinds are mounted on colour coordinated tracks that are non-corrosive and blend in well with the blades.

RANGE DYNAMICS

Available in more than 50+ subtle colour options, you can get your hands on manual or motorised blinds as per your choice and convenience.
